Foreword

TO THE CLASS OF 1967:

I am happy to have this opportunity to congratulate you, the members of the 1967 graduating class of Arcadia High School, upon the successful completion of your work here. If we, the Board of Education, School Administration, teachers, parents, and citizens of this community have done our task properly, you will know that what you have learned is only the beginning of a process of growth which will continue for the rest of your lives.

I hope that your years here have opened new ways of understanding to you and that you will have acquired a sense of your place in this world, and that you will have developed new and strong inner spiritual resources to guide and nourish you in the years ahead.

I hope that you have grown in wisdom here and that what you have learned will enable you to serve your school, your community, your country, and your fellowman.

Respectfully,

John F. Friedrich

HAPPINESS

IS

AND

FACULTY

MEMBER

HAPPINESS IS--BRINGING THIS MESSAGE TO YOU FROM
YOUR FACULTY

The young people in our high schools today understand that this particular moment is a part of today, but they cannot quite visualize that when tomorrow comes it will also be "today" and that its problems will be the problems they are now looking at and scheduling for future consideration.

Tomorrow is on the way for all of us, students and teachers, and it is bringing special challenges to all of us. Industrial, business, social, and governmental problems will require resourcefulness, imagination and initiative.

Clear thinking is a fundamental requisite for intelligent action in solving all difficulties and education is the fountain-head of clear thinking.

The faculty of Arcadia High School asks of the present day student that he do his work so well day by day that when he goes out into the world on his own he will be fully prepared for his assignment. That means that we, the faculty, devote our time and abilities, most earnestly, to his self development through his self improvement.

The faculty is ever striving to make the student more competent, more capable, more efficient, tomorrow than he is today, because "today is the tomorrow he was thinking about yesterday."

The faculty wishes to leave you with this thought, "Happiness tomorrow is doing your very best today."

HAPPINESS IS--having a Superintendent like Mr. John Cindric. Mr. Cindric is a guiding force at Arcadia Local School. With his high principles and clear educational vision, he helps teachers and students alike, over the impediments that so frequently beset us. No matter how busy he is his door is always open to anyone who has need of him. Thank you, Mr. Cindric, we appreciate your efforts to make Arcadia Local School, an institution where learning is a happy and profitable experience that culminates in a desire for further knowledge.

The Board of Education

Mr. Fred Heischman

Mr. Donn Conrad
President

Mr. Francis Steyer

The Board of Education of Arcadia Local School is comprised of men with far-reaching vision. They see the needs of the future but do not close their eyes to the necessities of the present. Happiness is the sense of pride we have in the Arcadia Board of Education and their attractive and efficient clerk, Mrs. Fleegle.

Mr. William Bowman moved to Columbus, Ohio in April 1967. Mrs. Robert Gunn was selected to fill out Mr. Bowman's term of office.

Mr. Philip King

Mrs. Robert Fleegle

Mr. William Bowman

Administration

Mr. John Cindric, Superintendent, and Mr. James Slough, Principal, head our High School Faculty. We, as teachers, salute them and know you, as students, do also, for the fine ideals of education that they uphold. Happiness is--being able to work with two such fine gentlemen and astute scholars.

Mrs. Margaret Wolery
Secretary

An office can be just another business unit, or it can be a place of charm and goodwill. We are so proud of "Margaret" and the lovely effect she creates for our school. Here is a secretary well-endowed with personal charm and wit, a desire to be of service, a talent for soothing ruffled feathers, and a capacity for getting everything done.

Strangers comment on the attractive, seasonal displays that always grace our office counter, and the warmth and friendliness that emanate from the office, itself.

Thank you "Margaret" for just being "you"!

High School Faculty

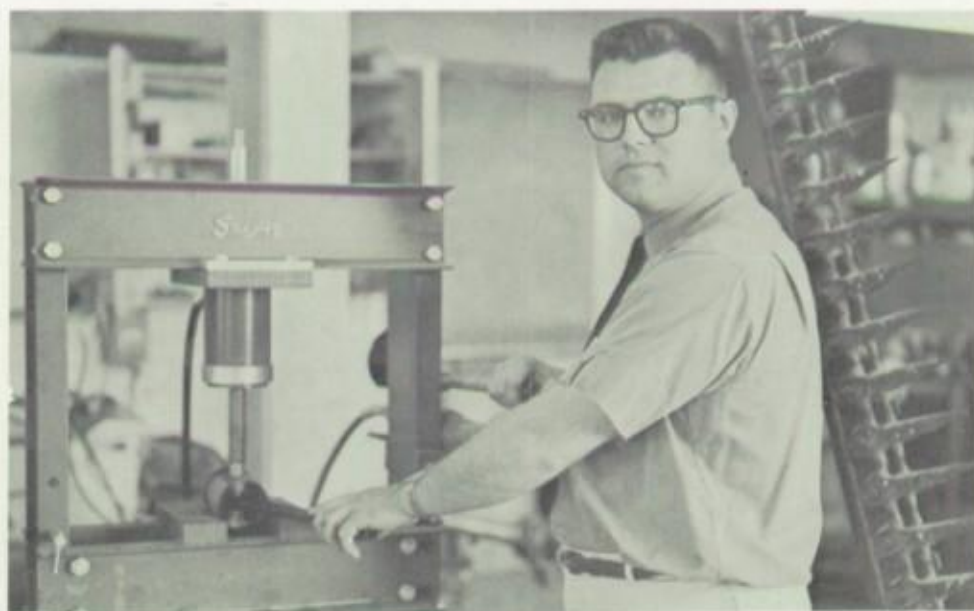

Happiness for students is picturing the high school faculty caught by the roving photographer, either in their rooms or in the Lounge. Aren't we lucky to have a faculty with a sense of humor?

Mrs. Noel checking the Library files.

Mr. M. Ricketts looking over an arithmetic test.

Mr. Cunningham in his Vo-Ag laboratory.

Mr. Elsea preparing for a science class.

Mrs. Haley catching up with the news before Spanish class.

Mr. Keller telling about a basketball victory for Arcadia.

Mr. Steyer contemplating his new MA degree before algebra class.

Mrs. Bienefiel checking her English assignment.

Mrs. Elsea Perusing her favorite subject, history.

Mr. D. Ricketts in his Industrial Arts lab uniform.

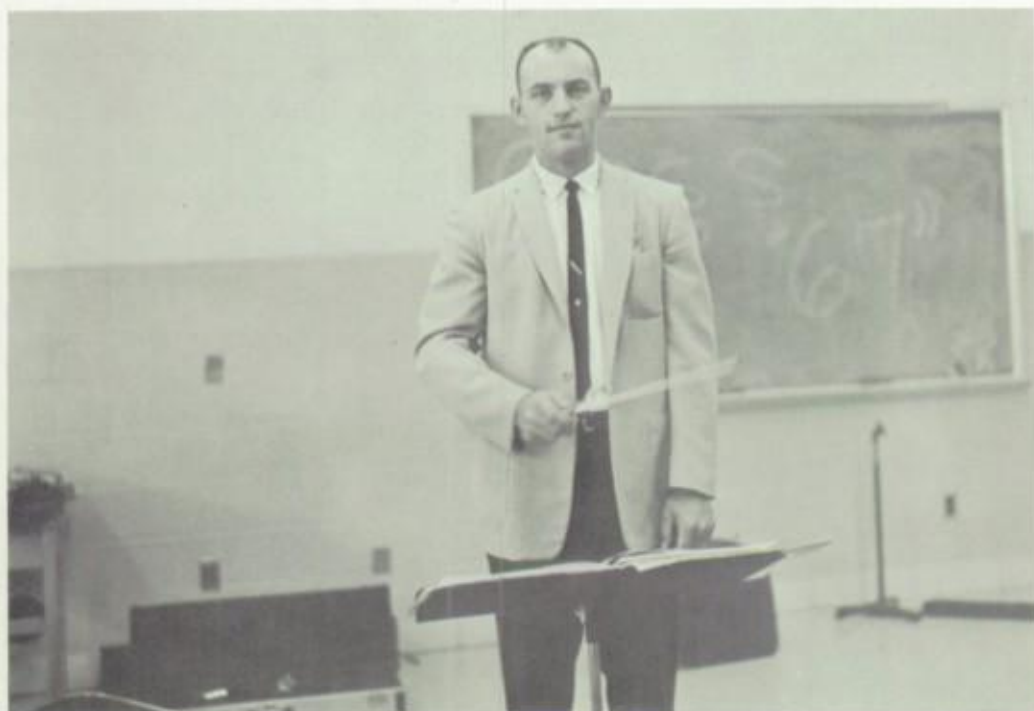

Mr. Swasick points, with pleasure, to a science discovery.

Mr. Shaffer dreaming up a new football play.

Mr. Vrooman conducting!

Mrs. Knouse relaxing after all that dictation.

Mr. Deter laying down the "law".

Mrs. Wykoff smiling over a new recipe.

Building Personnel

Bus Drivers

Mr. Gerald Binger, Mr. Wm. Bickel, Mr. Louis Vrooman, Mr. Bob Good, Mr. Clark Moyer, Mr. R. Hengstatler, Mr. Kenneth Anderson, Mr. Raymond Nesbitt, and Mr. Clyde Cardwell, are the bus drivers for Arcadia school.

They not only pick up and deposit students every day during the school year, but buses are available for transporting students on field trips, for sports, and special events.

Cooks

Mrs. Paul Conine, Mrs. Ray Mellott, and Mrs. Raymond Nesbitt are our school cafeteria cooks. Appetizing noon lunches are served every day to both elementary and high school students.

Custodians

Mr. Robert Good, Mr. William Bickel, and Mr. Clyde Cardwell are our competent custodians. They keep our school clean and neat and Mr. Good is always available to help students with moving flats for plays and putting down bleachers for special events, and any number of helpful services which are so often needed.

The industrious Senior Class of '67 has been very active in their preparations for a successful Senior Trip. The sale of mums at the Homecoming headed the agenda, which was soon followed by a strong surge of class participation with the annual Harvest Supper. As the old year drew to a close, the class sponsored the Christmas Dance entitled "Frosted Fantasy". The Senior Play, "Wild About Harry", was presented as one of the first major activities of the new year along with serving at several banquets. We labored zealously so as to insure the enjoyment of the greatest trip ever.

Class Prophecy

Today, September 28, 1977, while I was clearing my desk at the office, I found a letter from one of my old classmates from Arcadia. It started me thinking about what my classmates had been doing the last ten years. With a two week vacation coming up, I decided to travel back to Arcadia to see what careers they had followed.

Immediately after boarding my flight, the stewardess walked up the aisle reminding everyone to fasten their seat belts. I was truly surprised to discover that the trim, slim shapely stewardess was ANDREA WONDERS. We didn't have time to talk, however, for at that moment the pilot gave us our welcome and further instructions. This voice had a familiar ring so I inquired of Andrea as to who it was. She smiled brightly and answered, "That is Captain THOMAS JAMESON.

After a rather bumpy flight and an even more terrifying landing, I departed with a farewell word and a hope that I would find more of my classmates.

Since the Arcadia Airport was so far from downtown Arcadia, I hailed a taxi only to find that the driver was STEVE JOHNSON. I certainly hoped his driving had improved since high school days.

I asked him to take me to the Arcadia Sheraton, and then made inquiries as to the whereabouts of other classmates. Steve told me that tonight was the opening of Arcadia's Metropolitan and that two of the performers were former classmates. It seems that WANDA FOX was going to sing the lead in the opera, "Madame Butterfly." The score was to be arranged and conducted by VICTOR PRICE who later was to tour the world as a concert pianist. DEBRA HENRY was using her fine mental abilities to manage the finances and arrangements for Victor.

We stopped momentarily for a circus parade where I spotted more of my classmates. Leading the parade was the barker, JOE MOYER. It seems that he was putting his one great talent to use. After a few monemts, my eyes were filled with an awesome sight. Before me stood a man with a form of sinewy muscles on a framework of titanic stature. It was the strongman of the circus, DUANE BOWMAN. He recognized me and flexed his bulging biceps!

We finally continued and presently drew at my hotel. Rushing out to greet me was the hotel manager, RAY VAL-ENTI. Ray started his career as a bellboy and worked his way up to owner of the Hotel.

Ray told me that DONALD LEWIS was in town promoting his latest film the classic, "Alfie", with personal appearances.

I was famished so I went to the Hotel Restaurant and to my amazement I found JERRY MARGRAF busily preparing his famous Kangaroo a la Carte. It suddenly burst into flame but I was assured that this was the only true way to fix this exotic dish.

My trip had worn me down so I went to the Hotel Beauty Shop to freshen up. Here I found SHARON FRUTH who is manufacturing her own line of hair coloring, "Summer Red". She said it was a big success and that she had gotten the idea from LYNN ROLLER, who is now playing football for the Arcadia Bruisers.

Sharon told me that STEVE BIBBEE was the world's champion wrestler. On a recent appearance on Big Time Wrestling where he wrestled "Mac the Masher" he was quoted as saying, "I am the Greatest."

LENNA BICKEL is Editor of the "Arcadia Tattler" and has a syndicated column in several newspapers.

KAREN BULKOWSKI is still signing books out at Arcadia Public Library which is not the largest library in the United States.

JACK GROSSMAN has become Agent "86". He lives in danger and in his words, "loving it. Would you believe tolerating it?"

I asked Sharon where the action was in Arcadia and she suggested DDT's Discotheque. The place was really alive when I entered. The owner, DAN TYSON, walked up but I didn't recognize him because of his long, curly locks. HILDA KINGERY was really moving to the music of the famous musical group, "The Dead." GLENN WAGGONER was on bass guitar, CHUCK METZBER on lead, TOM GRAUMLICH on the drums, while CHUCK LOWERY wailed out their latest hit, "I Met Her in a Cemetery."

KAREN COLE, RAE MARIE MYERS, BARB KNEPPER, SHARON BINGER, and SHARON CRUSE were sitting at a table enjoying the music. I journeyed over to their table and inquired about what they had been up to the last ten years. Karen was spending her last night in the states. She had enlisted in the army and was being sent to Germany to inspect the troops. Before she could undertake this assignments she had to take special training in self-defense. Rae Marie had just completed medical school and was setting up her own practice as a lip specialist. Barb has been making her livelihood as a fashion designer and originator of the "total cover look." As a 120 pound model she exhibits and wears many of her own creations. Sharon Binger is a Professor at Berkely and is teaching the course of "How to Riot Successfully." Sharon Crouse has been painting canvases in abstract art. Her latest master piece is entitled, "Whistler's Cow," which sold for a mere \$4,000.

There was a big flash of a camera and I looked over to see what was taking place. I was flabbergasted to see BOB GROSSMAN. I went over to talk with Bob and learned that he was Editor of Playboy. He informed me that another of our classmates was just selected "Bunny of the Month" by his magazine. He seemed reluctant to say who it was but I managed to find out it was SALLIE HILE.

It was getting late so I decided to go back to my hotel.

Dear Walter Pater!

Everything was just fine until dames had to show up.

Poppycock!

Oh, Harry!

You can quit eating Squeaky, you win.

The next morning while I was reading the "Arcadia Tattler", I noticed an article about "Know the Full Facts on Nazism." It was written by DARYL FRUTH who has become quite an informer.

I turned to the Farm Page and saw that RANDY HUFFMAN had been awarded "Outstanding Farmer of the Year." He received this honor from his development of the new all-in-one crop, which consists of corn, beans, tomatoes, grain, and melons from one stalk.

Next I turned to the Sports Page and discovered that LARRY WEDGE had won the Indianapolis 500 with an average speed of 325 miles per hour. He was always pretty fast in school!

The Women's Olympics Star in all events was CAROL KAUFMAN. She had one difficulty, however, which was breaking the tape while crossing the finish line.

On the Entertainment Page, I spotted an article on the Oscar Winners and was not surprised to find HELEN SHERMAN's name for Best Actress. She received this award for her portrayal of Josephine in "My Life as a Lady Plumber."

I still hadn't accounted for all my classmates and so I decided to take a tour of Arcadia and see if I could find any more of my classmates.

I hadn't gone very far before I came across KERRY GUNN's Exclusive Men's Clothing Store. Kerry specializes in umbrellas and galoshes.

Kerry told me that NARDA BOES had entered the criminal world and is one of the FBI's most wanted women. It seems that she can't stop robbing pizza shops.

In the last ten years, DENNIS INSLEY has held 520 different jobs. It seems that at any job he tries he can't get along with the boss and immediately is fired.

NANCY POWELL is now living a quiet life after reigning as "Miss America." It's amazing that her career started as Homecoming Queen at Arcadia.

I traveled on down the street and saw a cute little shop owned by SANDY FISHER. She sold batons, twirling supplies, and gave lessons. She had black and blue marks from "flying batons" which her little pupils couldn't quite handle.

Sandy informed me that MARY ANN GILLILAND was a very private secretary to J.C. DONNELL. I assumed that sitting on his lap helped a great deal.

NADINE BRUCE and ELIZABETH PAANANEN were currently on a world tour lecturing on the "Care and Feeding of Jungle Animals". Their youthful pastime of watching "Jungle Jim" increased their knowledge very much.

Rev. WILLIAM PETERS is a minister and has a rather large congregation. It seems that the subject of his sermons are of interest to a vast number of people.

Since Rev. Peters and LARRY ZIEGLER have always been inseparable it was no surprise to hear that Larry was the Rev.'s Choir Director. Of course, his being a boy soprano helped the situation immensely.

SHERRY ZELLERS is now full partner in Drake, Philips, & Zellers. She was efficient but this was too fast.

I continued down the street and dropped in at the Arcadia Savings & Loan. Bank President was NANCY SMITH but she wasn't at the bank at that time. It seems that she had gone to Brazil with all the bank's money.

Behind the teller's window was KATHY SCHUTZBURG who is noted for having survived the most holdups of anyone in history. I was going to say, "stick 'em up" but I didn't have the heart.

Kathy then told me that DANA WONDERS has opened a swimming school where she teaches her new stroke "the moth" which is a modification of the butterfly.

MARGARET SMITH is a model and has become famous as Twiggy's stand-in!

Kathy told me that I could find more of my classmates at Arcadia School.

The first person I saw when I arrived at the school was LINDA EBERSOLE who was hauling a student back to school. Her job as truant officer keeps her quite busy and brings back fond memories of high school days.

On down the hall I encountered JIM NICHOLS and STEVE NICKELSON who were installing their latest project, an elevator that will carry the entire high school in one trip. On a trial run, however, it got stuck and in the panic several teachers were trampled. They feel they have the bugs out now.

CHERYL FRUTH spotted me and started telling me about her job as Home Economics Teacher. She was so nervous about teaching for the first time that she baked a chiffon dress instead of the chiffon cake.

She told me that JANET MCCUMBER was now teaching Sociology. Her contributions in Mr. Slough's Sociology Class proved to be invaluable.

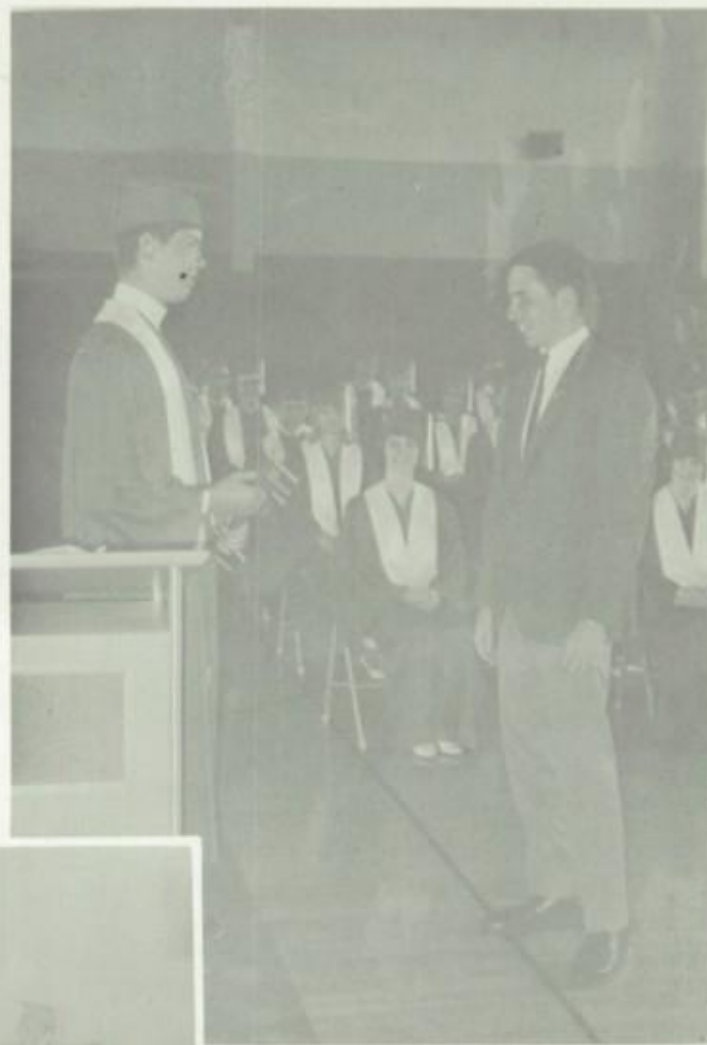

KAREN BUNDY now teaches American History, Literature, and Composition. Cheryl told me that Karen has filled the void left in everyone's heart when Mrs. Elsea retired!

My vacation was drawing to a close and I had to get back to my job as secretary. I made my flight arrangements with a different airline because of my bad flight in. Thus I said farewell to dear old Arcadia and went home.

Student Life

Student life is a section devoted in the yearbook depicting students as they really are.

It shows all that goes on whether at work or play. This page shows students caught in the act of being themselves.

Happiness is being a student in the United States of America. A land where education is free and students can learn as they please. God Bless America!

Fads and Fashions

1967 was noted for two extremes in "hair-do's", the very long and the very short.

Long hair was cut straight across with no dip in the back and hung loose and straight.

The suit was an Arabian paisley which was high-style this year.

The other extreme in hair style, was the London bowl-cut. This was very short and sideburns were added by brushing most of the hair behind the ears. Some form of bangs or hair covering the forehead was a "must", with either long or short hair.

For the in-between growth the hair was blunt cut and turned slightly up at the ends.

A brand-new fashion this year was the shiny vinyl coat. The looks in motion here, were on target every time.

Fads and Fashions

Bangs for boys were still worn but hair was beginning to be worn shorter, although it still had a squared-off back look.

Jackets and turtle-necks completed the London look that had heads turning all during the year.

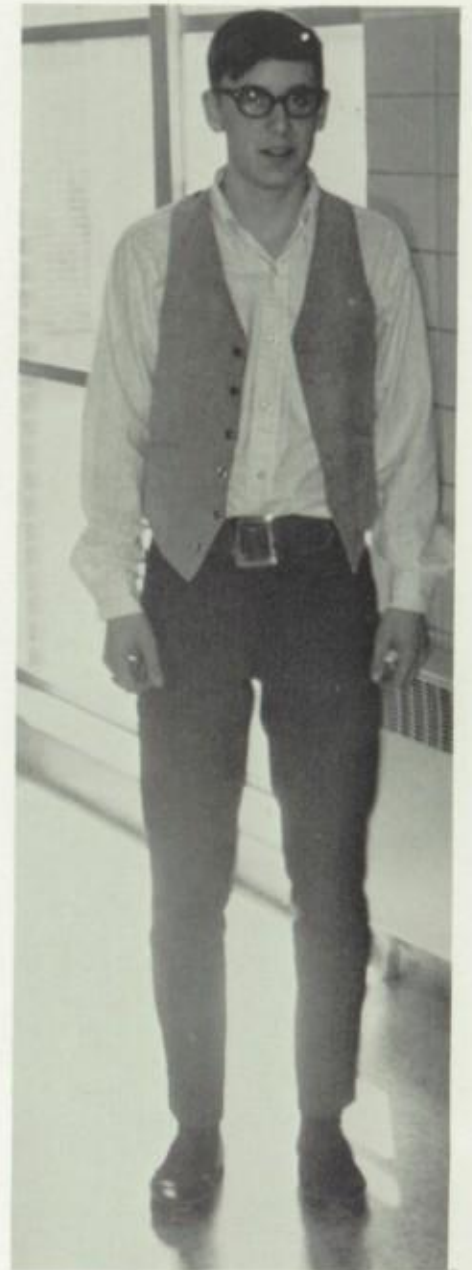

Hipster trousers, in checks and paisley, and even flowered print, with wide, wide belts, and tight, tight seats, made the boys as colorful as the girls.

Fads and Fashions

Boys stepped out this year in a flame of color and design. Wild prints, checks, and paisley shirts coordinated with tight hipster pants.

Vests were back with a bang, but they were in bright clear colors and hung loose and unbuttoned.

Short skirts were in and the short-short skirt, or the "mini" went to all lengths, or should we say "shorts".

The with-it gear for the ear was long dangling earrings. The other extreme, was little teenie-weenies for the pierced ear.

On shoes, buckles were in and loafers were out. Squared toes, ties, etc. added to the glamour of the new-shoe look.

Fads and Fashions

The pants-suit was designed for the young, active girl. In every material, for every season, it had heads turning all year.

Hipster skirts and dresses, in flowery prints, wild plaids, or strikingly plain, swung through young life, in the big cities and the village squares.

May 19, 1967, the Junior Class of the Arcadia High School presented THE GRASS IS ALWAYS GREENER, a three act comedy.

The play centered around an average American family, the Maxwells. The Maxwells were perfectly happy until Mr. Coday, the "big shot" of the town, decided to make Mr. Maxwell one of the "nuts in his political machine."

Prestige and fame are found to be nothing, if real happiness cannot be obtained at the same time. So the old saying, "The Grass Is Always Greener On The Other Side Of The Fence" is found to be a fallacy.

Some Enchanted Evening

Hail to the King and Queen!

A wishing-well and a blue sky studded with sparkling stars, were only a few on the beautiful decorations which filled the ballroom of the Findlay Elk's Club, on May 13, 1967, for the Arcadia spring Prom, so appropriately called, "Some Enchanted Evening".

The girls in their elegant gowns and the boys in their tuxedos danced under the stars, to the music of The Halos.

The climax of the evening was the crowning of the King and Queen of the Ball. Sherry Zellers was chosen the Queen, and Joe Moyer, King. The royal announcement was made by Jerry Margraf, Student Council president.

Refreshments were served by a selected group of sophomores.

The Prom was under the capable direction of the Student Council and their advisor, Mrs. Virginia Wykoff.

Spring Prom

The 1967 Junior-Senior banquet was held on May 13, in the Findlay Elk's Club ballroom.

Mr. James Slough gave the Invocation.

The delicious meal consisted of tomato cocktail, roast-beef au jus, whipped potatoes, green garden peas with mushrooms, molded jello salad, assorted relishes, and fruit pie.

Following the meal, Gary Conine, Junior Class president, offered the Welcome to the seniors. Larry Ziegler gave the response for the seniors.

The program was full of surprises. Secrets concerning the early life of the seniors were finally told. Gerald Lee, accompanied by Judy Steyer, played "Stardust", as a cornet solo. Another surprise was the impromptu calling of Mr. Steyer, Mr. Vrooman, Mrs. Noel, Mrs. Deter, and Mrs. Knouse, accompanied by Kerry Gunn, to sing a nursery rhyme. They responded with "Mary Had A Little Lamb". After the closing remarks by Mr. John Cindric, everyone joined in the Arcadia Alma Mater.

The tables were charmingly decorated with tiny wishing wells, which were quickly dismantled as the seniors carried home their souvenirs.

The Girl's Basketball Team, which is selected from the members of GAA, strives toward good physical health, co-ordination, and sportsmanship. The girls and their coach, Miss Judy Stewart, have worked hard this year to acquire the skills and techniques needed to play a good basketball game. This year both teams won five games and lost two games.

Senior members of the team are: Karen Bulkowski, Carol Kaufman, Helen Sherman, Rae Marie Myers, Dana Wonders, Sharon Binger, Nancy Powell, and Karen Cole. We wish these girls the best of luck in all their future endeavors and commend them for their active participation in sports and for their interest in physical fitness.

Head Librarian
Karen Bulkowski

The Arcadia library staff, which has been directed and supervised this year by Mrs. Noel and Karen Bulkowski, is composed of juniors and seniors. Their duties, other than chasing out the students who talk, are dusting, repairing, and filing the many books in the library; caring for the reference books, newspapers, and magazines in the study hall, and, of course, signing out books.

The Arcadian Staff

THE ARCADIAN was the largest journalistic effort undertaken during the year. The aim of the Arcadian Staff was to capture the "atmosphere" of school life at Arcadia High. The students have spent many hours over the dummy books, page layouts, glue bottles, copy sheets, and typewriters to make this year's ARCADIAN the best yet.

Bottoms Up!

Ouiga, how could you?

The pain starts here...

Merry Christmas!

Tom and Jerry at the race track.

Anyone for the foxtrot?

Spiking the punch, Mrs. Knouse?

Ping Pong, Anyone?

The ARCADIAN Advertising Staff exceeded their goal by \$400 this year and so a party was in order. We decided to have our party at Christmas time and met in Karen Bulkowski's decorated basement where we had fun and food; spent the remainder of the time complimenting each other. Everyone worked hard and deserved a lot of credit for making this year's ARCADIAN an enjoyable annual for all ages and one that will hold memories of the class of 1967.

Happenings

Second year Spanish students look forward to Christmas time when they can enjoy the Spanish custom of breaking the Pinata. As you can see there is a mad scramble when the gifts spill out.

There was much excitement this year, when the senior physics class, under the direction of Mr. Swasick, built and tested a pendulum. It was suspended from the top of the school building and proved a sensation, both to the students and the community.

Senior Home Ec. girls sponsor tea for college bound Senior boys.

Every person in our community knows of whom we are speaking when we mention the Fox twins. Miss Rosie has taught three generations of Arcadia students. For 41 years she has served the community in her classroom. All of her students will remember her artistic talent.

Miss Bessie took leave to raise their orphaned niece, while Miss Rosie kept on teaching, so Miss Bessie's tenure has been 27 years. Guiding little ones has been their life's work. God bless Miss Rosie and Miss Bessie!

Findlay College

A new and greater Findlay College aspires to foster first-rate liberal education and Christian culture, and offers a common core of courses in a wide range of subjects. Yet it maintains a valuable atmosphere where the student remains an individual, not a face in the crowd.
